Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Discussed the possibility of the claims having priority to the parent application, applicant's representative was instructed to properly map out the limitations as they can be found in the parent application and if after examining the mapping the examiner agrees that priority does indeed exist the current rejection would be withdrawn. Also, discussed the potential to overcome the rejection based on amendments to the dynamically updated thumbnail portions, again examiner stated the need for further consideration before any determination on the rejections in view of the amendments could be made..
